

Website Import & Support Vetting

Fully Managed Solution

Allow our website team to import your WordPress site from your existing hosting provider to Website Pro! This is a fully managed Website Import which allows the team to ensure your website is moved over to our Website Pro hosting seamlessly. Once we receive the necessary information, our team will import your website and work with you to set it live on your custom domain within 5 business days of completing your fulfillment form.

***All websites must be vetted by our Website Support team prior to beginning the import process to confirm eligibility of the website to be imported.*

Within 1 business day

**after the order is received*

The website team will send you a **Confirmation Email** to confirm the receipt of your order.

2 business days

FAQs

Expectations:

- Provide content as requested in the fulfillment form.
- Communicate efficiently with us to keep the project on track in order to meet the set deadlines.

What do we need to fulfill a website import order?

1. Current WordPress site URL. **Please note that we can ONLY import Wordpress sites.*
2. WordPress administrator credentials. We would need administrator access to their Wordpress website (domain.com/wp-admin).
3. Credentials for the domain registrar. This access to where you bought the domain. Our team uses this to point the domain to our servers once the site is moved.

Note: We may need a higher level of access in order to get the files we need to import the site manually.

- Host Access - We would need access to the physical server you are on in order to get the web files and database ourselves
- You could provide us with the web files and database if you are capable.

What does the Website Support Add-On include?

Monthly Charges include | Hosting and Website Updates

- If anything is missed from your one set of revisions submission, you will not be charged. We will ensure the missed revisions are completed within 5 business days.
- Updates to existing sections (image/content replacements): logo, fonts, colors, media (images, videos, icons), text, contact form fields and settings
- Reorganization or duplication of existing sections but not the creation of new sections styles or layouts.

**Any additional images/product changes beyond the original offering will be charged at a per product/image rate.*

**Any functionality changes to sites will need to be scoped out and charged at an hourly rate.*

The monthly charge **DOES NOT include maintaining or integrating emails.*

**All content needs to be provided.*

How will I know if my website is approved or rejected?

- Our team will vet the website for eligibility within 48 hours of receiving the fulfillment form.
- If your website is not able to be imported to Website Pro by our team, you will receive an email letting you know the reason(s) why we are unable to fulfill your request.
- If your website is approved for import, you will receive an email letting you know that **Website Support** and **Website Pro** have been activated on your behalf and we will begin the import process.

FAQs

What are some reasons a website will be rejected?

Here are some of the common reasons a website may be rejected for import and/or support:

- Unapproved theme builder
- HTML/PHP theme pages
- Unable to edit front-end layouts
- Excessive plugins and users. A new build is recommended in this case.
- Backend language not in English
- The website is part of a multi-site
- The website relies on functionality not included in WordPress

What if my site is not a WordPress Site?

- If your site is not created on WordPress, we can re-create the site for you in WordPress (please see Website: Up to 3, 5, or 10-page options).

What is included in the required monthly fee?

Maintenance of an imported site include:

- Unlimited text changes to existing content.
- Up to 15 image changes per month to existing images.

All sites are hosted with Website Pro and include:

- Daily backups
- Managed Wordpress hosting
- Built-in reporting

Note:

- *Any additional images/product changes beyond the included will be charged at a per product/image rate.*
- *Any new functionality changes to sites will need to be scoped out and charged at a per hour rate.*
- *The monthly charge DOES NOT include maintaining or integrating emails.*
- *All website pages not created by our team are limited to only text and image changes. Also, any plugin not added by our team will have limited support and if a plugin is no longer supported, we will do our best to correct the issue if possible or recommend a new solution at our hourly rate.*
